Dear Clients,

It is with a heavy heart that I am announcing that the Amanda Hutchings Photography studio will be shut down indefinitely, with the exception of mini sessions. If you currently have a one-on-one session scheduled with me you will be receiving an email.

My studio is in my home and with the COVID 19 pandemic it is critical I reduce the potential exposure to my family with this virus as well as future potential health issues. I also struggle with Auto Immune disease so I am at a much higher risk if I was exposed.

As many of you are aware I also am the president of a Manufacturing Company. As you could imagine, is not always easy and takes a great deal of energy and time to be successful in both roles. Considering I am working all day then do photography on nights and weekends, my free time is extremely limited and this is taking a toll on my ability to spend time with my family.

Moving forward I will only be doing mini sessions, most likely more often than I currently do now. This will give my clients an opportunity to book with me as well as allow me to be creative and practice my art.

I want to thank all my clients for almost 7 years of growth, fun and creativity. I hope everyone can understand and is able to reschedule your *one on one session* with other photographers. Brittany Brockie Photography, Amber Yanovich Photography, and Shawna Gerry Photography all do a great job!

I sincerely apologize for this inconvenience to you and your family. Best wishes and I hope to see you all at my future minis!

Best Wishes,

Amanda Hutchings
